

“Restoring a Rare Habitat at Lake Roland”

Speaker: Peter Lev

Friday, March 27th at 7:00pm
Auditorium

The southwest corner of Lake Roland, a Baltimore County park, is a globally rare habitat: an East Coast serpentine barrens. There are only 18 places like this in the world. Broadmead resident Peter Lev has been working on the restoration and management of Bare Hills Barrens (the official name of the barrens) since 2018.
